

# Renew: Re-Purpose

January 22, 2023 / Andy Black / [Acts 26:9-18](#)

- Worth is something  while value is a matter of what someone is  to pay for something.
- Purpose is  by God and experienced by us.
- Whenever the story of God is , the purposes of God are revealed.
- Jesus does promise us a way through His life that enables us to find  purpose in each moment.

## Worth and Value

- We'll be  if we look for value in our circumstances. Instead, we have to look for value in our relationship with Jesus.
- When we allow Jesus to  our life and circumstances, we discover the value God has attached to us.
- When we allow Jesus to determine the  of our life, we can find value everywhere we look.
