## Questions: Are Science and Faith Compatible?

September 10, 2023 / Bob Swickard

One Key difference between Science and Christianity is that science is based on and Christianity is based
on (see <u>Hebrews 11:1</u> )
The Scientific Method:
•
Some view Science and Faith as rather than
Science can our faith when we learn about the complexity of the world God created. (see <u>Hebrews 11:3</u> )
The best evidence of God's Power, Presence, and Reality is a life through Faith!
What is possible with Faith?
• We can (see <u>Hebrews 11:4-6</u> )
• We can (see <u>Hebrews 11:7-10</u> )
• We can be (see <u>Hebrews 11:11-12</u> )
• We can live (see <u>Hebrews 11:17;</u> 24-27)
• We can be from death to life (see <u>Hebrews 11:29</u> )
My Notes:
